

SBV11 pressure vessels

compressed air storage vessels according CE PED

The vertical steel pressure vessels from SOTEX are noted for being excellent value for money. Different connections and manholes are available on request. The 1,000 to 10,000 litre series is also available in a horizontal version. Naturally, the compressed air vessels are also optionally available with attachments such as a pressure gauge, safety relief valve and an automatic condensate drain.

- Capacity of 200 to 10000 liters.
- Design pressure 200 to 900 : 11 bar.
- Design pressure 1,000 to 10,000 : 11.5 bar.
- Design temperature : -10 / +120 ° C.
- Higher pressures available on request (16/25/40 bar).
- Powder coated exterior.
- Thermally galvanized version available on request.
- Standard European Approvals in accordance with CE PED 98/4040 EU and CE PED 2014/68/EU.
